Management, Analysis,
Confidence,Communication
skills

LANGUAGES

- Telugu
- English

PROFILE

Passionate and proactive second-year Engineering student with a strong commitment to contributing to the tech industry. Eager to leverage technical skills and enthusiasm for innovation to drive meaningful advancements.

PROJECTS

- Tic tac toe using |OOPS,C++
 - Both players mark their cells with the letters "O" and "X". The game ends when one of the players fills an entire row, column or diagonal with either the character ('O' or 'X') of that player. If no one wins, the match is considered a draw.
- Hangman Game using |C,OOPS
 - The player needs to guess the word which is picked randomly by the computer one letter at a time. If the letter guessed is correct, then the computer will reveal the position of that letter on the word. If the letter guessed is incorrect then, the number of attempts will be decreased.

ACHIEVEMENTS

- Certificate of achievement in c++ by Coding Ninjas
- Certificate of completion for python by coursera
- certificate of pro-programmer participation
- Certificate of Merit in ATSO(Apptitude talent search olympaid)

EXTRACURRICULAR ACTIVITIES

- Tech:Drawing Pictures
- Non-Tech:Volley ball,Palying Guitar
- Video editing
